## Introduction

### About us, this case and this questionnaire

The Trade Remedies Authority (TRA) investigates whether trade remedies are needed to prevent injury to UK industry. The TRA has been established to provide the UK with its own independent trade remedies system.

This case is investigating the allegation that aluminium extrusions from the People's Republic of China are being dumped (exported to the United Kingdom (UK) at prices less than their normal value) and that this dumping is causing injury to the UK industry for these goods.

### Why should I take part?

We are asking UK importers to complete this questionnaire to help us understand the industry and market for this product and assess if a measure is needed. We need to establish whether the alleged dumping has occurred and has caused injury to the UK industry.

The information your company provides will help us to reach a fair and proportionate decision.

### How do I respond?

Detailed guidance on how to complete the questionnaire is provided in the [instructions](#) section below.

Please provide all the information requested by **18 August 2021**. We may need to issue a deficiency notice if we determine that the information supplied in the questionnaire is incomplete or inadequate. We may also send a notice requesting clarification or supplementary information if necessary. Therefore, please provide as much detail as possible in your responses.
