ANTI-DUMPING INVESTIGATION No. AD0012

Anti-dumping investigation on aluminium extrusions originating in the  
People's Republic of China

**Note to the public file summarising time extension granted for submission of  
comments on the Statement of Essential Facts (SEF)**

The Trade Remedies Authority (TRA) received an application for an extension of time to submit comments in relation to the AD0012 SEF.

Having considered their application, the TRA has determined that granting an extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

Company Name	Reason for granting extension	New due date for response
The Haomei Group composed of the two exporting producers: Guangdong Haomei New Materials Co., Ltd., and Guangdong King Metal Light Alloy Technology Co., Ltd	Additional time needed due to delays in communication.	3 July 2022
