Anti-dumping investigation in respect of aluminium extrusions imported into the United Kingdom originating in the People's Republic of China

Note to the file

Note to interested parties and contributors that the TRA has published an updated version of the Provisional Affirmative Determination (PAD).

This note is published to the public file to notify parties that, following publication of the Secretary of State for International Trade's [decision](#) on provisional measures, the TRA is publishing an updated version of the PAD.

The TRA are re-issuing the PAD as the guidance relating to the requirement for importers to give guarantees has now been clarified. The only change from the original PAD is a new Annex - Annex C.

In this Annex we have now clarified that importers have the option to provide a guarantee in the form of cash, a bond, or a bank guarantee.

Further guidance in respect of our investigations process can be found [here](#).
