ANTI-DUMPING INVESTIGATION No. AD0012

Anti-dumping investigation on aluminium extrusions originating in the People's Republic of China

Note to the public file summarising time extensions granted for submission of comments on the Statement of Essential Facts (SEF)

The Trade Remedies Authority (TRA) received applications for an extension of time to submit comments in relation to the AD0012 SEF.

Having considered their applications, the TRA has determined that granting certain extensions would not significantly impede the progress of the investigation and has therefore decided to grant extensions to the following parties:

Company name	Reason for granting extension	New due date for response
Hydro Ltd	Additional time needed to process information and gather further evidence	3 July 2022
Garner Aluminium Extrusions Ltd	Additional time needed to process information and gather further evidence	3 July 2022
3o Ltd	Availability of resources to prepare submission	1 July 2022
