

## Note to Public File

### ANTI-DUMPING INVESTIGATION No. AD0012

Anti-dumping investigation on aluminium extrusions originating in the People's Republic of China

#### Notice to interested parties and contributors regarding a time extension granted for submission of questionnaire response

The Trade Remedies Authority received an application for an extension of time from Guangdong Haomei New Materials Co., Ltd., and Guangdong King Metal Light Alloy Technology Co., Ltd on 13 August 2021, to submit their questionnaire response because of the need to coordinate responses across two organisations, travel restrictions preventing third-party representatives visiting the organisations in the People's Republic of China and social distancing measures in the workplace which has limited the availability of key personnel.

Having considered their application, the TRA has determined that granting an extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

<b>Company Name</b>	<b>New due date for completed questionnaire response</b>
Guangdong Haomei New Materials Co., Ltd., and Guangdong King Metal Light Alloy Technology Co., Ltd	31 August 2021

Should you have any questions or comments, please do not hesitate to contact us at [AD0012@traderemedies.gov.uk](mailto:AD0012@traderemedies.gov.uk)

17 August 2021.
