ANTI-DUMPING INVESTIGATION No. AD0012

Anti-dumping investigation on aluminium extrusions originating in the People's Republic of China

Notice to interested parties and contributors regarding a time extension granted for submission of questionnaire response

The Trade Remedies Authority received an application for an extension of time from Richard Austin Alloys on 13th August 2021, to submit their questionnaire response because of time constraints due to constraints placed on key personnel.

Having considered their application, the TRA has determined that granting an extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

Company Name	New due date for completed questionnaire response
Richard Austin Alloys Ltd	3 rd September 2021
