Note to the file

Notice to interested parties regarding requests for time extensions to the Registration Period

The Secretary of State for International Trade (the Secretary of State) has received a number of requests for extensions to the Registration Period and late submissions in this transition review.

Having considered these requests, the Secretary of State has determined that granting extensions and accepting late submissions in these cases would not significantly impede the progress of the investigation.

As the registration period has now closed, please note that anyone registering an interest in the future may not be able to participate fully in the review process.
