

TRANSITION REVIEW No.TD0001

Anti-dumping duties on certain welded tubes and pipes, of iron or non-alloy steel originating in the Republic of Belarus, the People's Republic of China and the Russian Federation.

Note to the file

Deficiency notices were issued to Severstal on 22 June 2020 regarding their questionnaire response. The deficient information was requested by 29 June 2020.

The Secretary of State for International Trade ('the Secretary of State') has received a submission from Russian producer Severstal outlining difficulties they are experiencing supplying this information by the requested date due to official holidays in Russia and the nature of the work required. An extension to the questionnaire response period until 6 July 2020 has been requested.

Having considered their application, the Secretary of State has determined that granting this extension would not significantly impede the progress of the transition review. The request for an extension has been agreed and the new deadline is 6 July 2020.
