

TRANSITION REVIEW No.TD0001

Anti-dumping duties on certain welded tubes and pipes, of iron or non-alloy steel originating in the Republic of Belarus, the People's Republic of China and the Russian Federation.

Note to the file

The Secretary of State for International Trade ('the Secretary of State') has received a submission from Russian producer Severstal outlining ongoing difficulties they are experiencing in participating fully in the transition review due to the impact of COVID-19. An extension to the questionnaire response period until the end of May has been requested.

Having considered their application, the Secretary of State has determined that granting this extension would not significantly impede the progress of the transition review. The request for an extension has been agreed and the new deadline is 29 May 2020.
