

Department for
International Trade

Note to the file

Notice to interested parties regarding a time extension to complete a questionnaire

The Secretary of State for International Trade ('the Secretary of State') has received an application for an extension of time to submit the questionnaire response from Jiangyin Fasten Steel Products Co., Ltd., because of the levels of information required that are specific to this organisation's structure and the ongoing efforts of COVID-19.

Having considered their application, the Secretary of State has determined that granting an extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

Company name	New due date for completed questionnaire response
Jiangyin Fasten Steel Products Co., Ltd.	16 th November 2020
