

## **TRANSITION REVIEW No. TD0003**

Anti-dumping duty on certain pre- and post-stressing wires and wire strands of non-alloy steel (PSC wires and strands) originating in the People's Republic of China

### **Note to the file**

#### **Notification of sample**

Due to the number of responses, in both the registration period and to the pre-sampling questionnaires, the Secretary of State for International Trade (the Secretary of State) will **not** limit its examination of overseas exporters/importers/UK producers at this stage.

This notice is not intended to preclude the Secretary of State from limiting examination to a sample of selections for the purchase of like goods or directly competitive goods.

#### **Overseas exporters sampling:**

No sampling needed: The small number of responses to the pre-sampling questionnaire means the Secretary of State does not consider it appropriate to limit its examination regarding exporters.

#### **UK producers sampling:**

No sampling needed: The small number of responses to the pre-sampling questionnaire means the Secretary of State does not consider it appropriate to limit its examination regarding UK producers.

#### **Importers sampling:**

No sampling needed: The small number of responses to the pre-sampling questionnaire means the Secretary of State does not consider it appropriate to limit its examination regarding importers.

#### **Further information**
