

Department for
International Trade

GENERAL NOTICE – EXTENSION OF REGISTRATION PERIOD

TRANSITION REVIEW No. TD0004

Anti-dumping duties on biodiesel originating in the United States of America and consigned from Canada

Notice to interested parties regarding a time extension to the Registration Period

The Secretary of State for International Trade (the Secretary of State) has received a request for an extension of time to the Registration Period in this transition review due to the current global Coronavirus (COVID-19) outbreak.

Extension

Having considered this request, the Secretary of State has determined that granting an extension would not significantly impede the progress of the investigation and has therefore decided to extend the Registration Period until **4th September 2020**.

It is possible that anyone registering their interest after this date may not be able to participate fully in the review process.

Further Information

The [Trade Remedies Guidance](#) produced by the Department for International Trade provides more information about the investigations process.

Please contact TD0004@traderemedies.gov.uk if you have any further comments.
