**Like goods**

In addition to seeking information about your company's export sales to the UK of the goods subject to review, this pre-sampling questionnaire will also ask about your sales of like goods in your domestic market and to third countries. Any reference to 'like goods' in this questionnaire refers to goods which are like the goods subject to review in all respects, or with characteristics closely resembling them.

Please follow the instructions for each question to provide the appropriate information regarding the goods subject to review or like goods.

## Instructions

The Trade Remedies Investigations Directorate (TRID) of the United Kingdom's Department for International Trade will be carrying out a transition review of each trade remedy measure active under the EU system that the United Kingdom (UK) has decided to transition after EU exit. This transition review will consider whether the anti-dumping and/or countervailing measures for biodiesel originating from the United States of America and consigned from Canada are necessary or sufficient to offset dumping and/or subsidisation and whether there would be injury to the UK industry if these measures were removed.

### I - Why you are being asked to complete this pre-sampling questionnaire

We are seeking your cooperation as an overseas exporter of the goods subject to review to inform our review of whether the current anti-dumping and/or countervailing measures should be maintained, varied or discontinued.

This pre-sampling questionnaire allows us to collect basic information and data about your company. If a large number of overseas exporters complete this pre-sampling questionnaire, we will use the information each one provides to help us decide which companies we want to sample for further investigation. If you are sampled, we will send you a more detailed questionnaire to complete.

For more information in relation to this case, you may refer to the Notice of Initiation published at: [www.trade-remedies.service.gov.uk/public/cases](http://www.trade-remedies.service.gov.uk/public/cases).

If you are sampled for further investigation, we will provide you with a further detailed questionnaire. By submitting a completed detailed questionnaire response, you might become eligible for an individual anti-dumping and/or countervailing amount, if we are recommending that measures continue following this review. Please refer to [Section C](#) for more information on individual anti-dumping and/or countervailing amounts.

If you do not complete this pre-sampling questionnaire or the detailed questionnaire, you could be found to be non-cooperating. For more details on how this may affect you, please consult our [operational guidance on non-cooperation](#).

### II – Who should complete this form

You should complete this form if you are an overseas exporter of biodiesel originating in the United States of America and consigned from Canada (the goods subject to review).

### III – Deadline for response

A completed pre-sampling questionnaire must be submitted to TRID by no later than **26 August 2020**. If you are unable to provide a completed submission by the given due date and you wish to request an extension, please contact Josh Smith/Thomas Westlake at [TD0004@traderemedies.gov.uk](mailto:TD0004@traderemedies.gov.uk) (dumping) or [TS0005@traderemedies.gov.uk](mailto:TS0005@traderemedies.gov.uk) (subsidies).

### IV – Note about confidentiality

You will need to submit one confidential version and one non-confidential version of your pre-sampling questionnaire by the due date. Please ensure that each page of information you provide is clearly marked either “Confidential” or “Non-Confidential” in the header. It is your responsibility to ensure that the non-confidential version does not contain any confidential information.

Please see <https://www.gov.uk/government/publications/the-uk-trade-remedies-investigations-process/an-introduction-to-our-investigations-process#how-we-handle-confidential-information> for further information on what can be considered confidential and how to prepare a non-confidential version of this questionnaire.

All information provided to TRID in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be kept in protected systems. The non-confidential version of your submission will be placed on the public file, which is available on [www.trade-remedies.service.gov.uk/public/cases](http://www.trade-remedies.service.gov.uk/public/cases).

- Yes

- No

If you are not selected for this sample and you then do not choose to complete a detailed questionnaire, you will not be eligible for an individual anti-dumping and/or countervailing amount. Your anti-dumping and/or countervailing amount will be determined based on the amounts imposed on the overseas exporters in the sample.

### **Please note:**

If we recommend that a trade remedy measure continues following this review, and you have requested an individual anti-dumping and/or countervailing amount, please note that you will be required to supply the necessary information within the given timeframe for us to calculate this for you.

TRID must accept an overseas exporter's request for an individual anti-dumping amount and/or countervailing amount and calculate an individual amount, providing that:

- the information required is complete and submitted on time; and
- the number of requests for individual calculations does not unduly burden the review and risk delaying its conclusion.
