## The scope of this review

### Goods subject to review

This review covers certain aluminium road wheels exported from the People's Republic of China, described as: aluminium road wheels of motor vehicles per commodity code headings 87 01 to 87 05, whether or not with accessories and whether or not fitted with tyres.

These aluminium road wheels are currently classifiable within the following commodity codes:

8708 701015

8708 701050

8708 705015

8708 705050

These commodity codes are only given for information.

In this pre-sampling questionnaire, these goods will be referred to as the goods subject to review. Any reference to the goods subject to review in this pre-sampling questionnaire refers to the goods description above, regardless of the commodity code under which they are exported.

### Like goods

In addition to seeking information about your company's export sales to the UK of the goods subject to review, this pre-sampling questionnaire will also ask about your sales of like goods in your domestic market and to third countries. Any reference to '**like goods**' in this questionnaire refers to goods which are like the goods subject to review in all respects, or with characteristics closely resembling them.

**Please follow the instructions for each question to provide the appropriate information regarding the goods subject to review or like goods.**

## Instructions

The Trade Remedies Authority (TRA) will be carrying out a transition review of each trade remedy measure active under the EU system that the United Kingdom (UK) has decided to transition after EU exit. This transition review will consider whether the anti-dumping measure for aluminium road wheels of motor vehicles per commodity code headings 87 01 to 87 05, whether or not with accessories and whether or not fitted with tyres from the People's Republic of China is necessary or sufficient to offset dumping and whether there would be injury to the UK industry if that measure was removed.

### I - Why you are being asked to complete this pre-sampling questionnaire

We are seeking your cooperation as an **overseas exporter** of the goods subject to review to inform our review of whether the current anti-dumping measure should be maintained, varied or discontinued.

This pre-sampling questionnaire allows us to collect basic information and data about your company. If a large number of overseas exporters of the goods subject to review from the People's Republic of China complete this pre-sampling questionnaire, we will use the information each one provides to help us decide which companies we want to sample for further investigation. If you are sampled, we will send you a more detailed questionnaire to complete.

For more information in relation to this case, you may refer to the Notice of Initiation published at: [www.trade-remedies.service.gov.uk/public/cases](http://www.trade-remedies.service.gov.uk/public/cases).

If you are sampled for further investigation, we will provide you with a further detailed questionnaire. By submitting a completed detailed questionnaire response, you might become eligible for an individual anti-dumping amount, if we are recommending that measures are continued following this review. Please refer to [Section C](#) for more information on individual anti-dumping amounts.

If you do not complete this pre-sampling questionnaire or the detailed questionnaire, you could be found to be non-cooperating. For more details on how this may affect you, please consult our [operational guidance on non-cooperation](#).

## II – Who should complete this form

If you are not an **overseas exporter**, please complete either the relevant Registration and Pre-Sampling Questionnaire or the Other Interested Party Registration Form.

## III – Deadline for response

A completed pre-sampling questionnaire must be submitted to the TRA by no later than Friday 22 October 2021. If you are unable to provide a completed submission by the given due date and you wish to request an extension, please contact the case team at [TD0013@traderemedies.gov.uk](mailto:TD0013@traderemedies.gov.uk).

All information provided to the TRA in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems. - Yes  
 - No

If you are **not** selected for this sample and you then do **not** choose to complete a detailed questionnaire, you will not be eligible for an individual anti-dumping amount. Your individual anti-dumping amount will be determined based on the amounts imposed on the overseas exporters in the sample.

### Please note:

If we recommend that a trade remedy measure continues following this review and you have requested an individual anti-dumping amount, please note that you will be required to supply the necessary information within the given timeframe for us to calculate this for you.

The TRA must accept an overseas exporter's request for an individual anti-dumping amount and calculate an individual amount, providing that:

- the information required is complete and submitted on time; and
- the number of requests for individual calculations does not unduly burden the review and risk delaying its conclusion.

This may include:

- other interested parties you believe should receive a questionnaire;

**Zhejiang Autom claims no existence of a particular market situation in the domestic market of the People’s Republic of China.**
