## Instructions

The Trade Remedies Authority (TRA) will be carrying out a transition review of each trade remedy measure active under the EU system that the United Kingdom (UK) has decided to transition after EU exit. This transition review will consider whether the anti-dumping measure for certain heavy plate of non-alloy or other alloy steel from the People's Republic of China is necessary or sufficient to offset dumping and whether there would be injury to the UK industry if that measure was removed.

### I – Why you are being asked to complete this pre-sampling questionnaire

We are seeking your cooperation as a **UK producer** to inform our review of whether the current anti-dumping measure should be maintained, varied or discontinued.

This pre-sampling questionnaire allows us to collect basic information and data about your company. If a large number of UK producers complete this pre-sampling questionnaire, we will use the information each one provides to help us decide which companies we want to sample for further investigation. If you are sampled, we will send you a more detailed questionnaire to complete.

For more information about this case, you may refer to the Notice of Initiation published at: [www.trade-remedies.service.gov.uk/public/cases](http://www.trade-remedies.service.gov.uk/public/cases).

### II – Who should complete this form

You should complete this form if you are a **UK producer** of certain heavy plate of non-alloy or other alloy steel ('the like good').

If you are not a UK producer, please complete either the relevant Pre-Sampling Questionnaire or the Contributor Registration Form.

### III – Deadline for response

A completed pre-sampling questionnaire must be submitted to the TRA by no later than **16 February 2022**. If you are unable to provide a completed submission by the given due date and you wish to request an extension, please contact James Reith, [TD0014@traderemedies.gov.uk](mailto:TD0014@traderemedies.gov.uk).

### IV – Note about confidentiality

You will need to submit one confidential version and one non-confidential version of your pre-sampling questionnaire by the due date. Please ensure that each page of

information you provide is clearly marked either “Confidential” or “Non-Confidential” in the header. It is your responsibility to ensure that the non-confidential version does not contain any confidential information.

Please see <https://www.gov.uk/government/publications/the-uk-trade-remedies-investigations-process/an-introduction-to-our-investigations-process#how-we-handle-confidential-information> for further information on what can be considered confidential and how to prepare a non-confidential version of this questionnaire.

All information provided to the TRA in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems. The non-confidential version of your submission will be placed on the public file, which is available on [www.trade-remedies.service.gov.uk/public/cases](http://www.trade-remedies.service.gov.uk/public/cases).
