

TRANSITION REVIEW No. TF0006

Safeguard measures on certain steel products

Note to interested parties clarifying an issue in the importer questionnaire annex

This clarification relates to Annex 6 – Stocks of goods in the importer questionnaire annex.

The current template table in the annex includes the following lines:

Opening stock (in t)
+ Imports (in t)
- Internal consumption (in t)
- Resales (in t)
<i>Closing stock (in t)</i>

If these lines do not accurately take the opening stock to the closing stock, please add additional rows to your table. If additional rows are used, please ensure that an explanation of what they include is given within the body of the questionnaire.
