## Instructions

### I – Note about confidentiality

You will need to submit one confidential version and one non-confidential version of this document. The content of the non-confidential version should be as similar as possible to the confidential version with only confidential details removed. Where confidential details have been removed from the non-confidential version, you should include a substantive summary that would give the reader an understanding of how the redacted information would have supported any points or arguments being made.

Please ensure that each page of information you provide is clearly marked either “confidential” or “non-confidential” in the header. It is your responsibility to ensure that the non-confidential version does not contain any confidential information. Note that ‘confidential information’ in this context includes any personal details that can be attached to a named individual. This includes names, contact details and signatures, none of which should be included in the non-confidential version.

See <https://www.gov.uk/government/publications/the-uk-trade-remedies-investigations-process/an-introduction-to-our-investigations-process#how-we-handle-confidential-information> for further information on what can be considered confidential and how to prepare a non-confidential version of this document.

All information provided to the Trade Remedies Authority (TRA) in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems. The non-confidential version of your submission will be placed on the public file, which is available on <https://www.trade-remedies.service.gov.uk/public/case/TF0006/>
